WARNING TO ALL OHIO VOTERS.

"Forewarned is forearmed," and the people of Okio may as well understand, first, last and all the time, that they are in it for further fighting along the very line that McKinley conducted for the maintenance of protection to American industries. His great Buffalo speech-his farewell address-ia support of reciprocity, was clearly meant to foster that principle in accordance with the Republican doctrines and practice, and platform of entire harmony with the protective Discriminates in Favor of Wealth In idea; but the Democrats are not tall:ing of that-they don't say anything about reciprocity, except as a means to free trade.
